Re: Products No Longer Serviced

Dear Customer,

As we discontinue product lines, we must also eventually stop servicing them as well. The attached list describes all the products Northgate Technologies Inc. no longer services.

In the event you have one of these products, and it requires service, please contact our customer service department at 847-608-9405 or customerservice@northgate-tech.com to learn more about your options.

Best Regards,
